“Your Fundraising Game Changer”

Your Key Fundraising Strategy Tips

- 1 Content is Key
- 2 Choose the Right Technology
- 3 A's – Adjust, Adapt and Achieve

“As your Sports club / organisation begins to re-open and resume games post-covid. Now is the time to look at your future fundraising. Have you a fundraising plan, and if so what are you doing in the digital space. This months top tips are for you to look at your content, the technology that you use and how to adjust and adapt to achieve your financial goals. We at Walsh Fundraising are happy to have a conversation with you, without any commitments, to see how we can help you realise your ambitions”

Idea for this Month

As ladies Gaelic football increases in popularity along with the new Lidl advertisement about levelling the playing field. This increased attention brings with it increased expectation. Expectation of professionalism and performance. All involved in intercounty football need to be ready for this shift and embrace it. All sports that encourage young people to get active at coaching or playing level, only needs to be encouraged.

“While a great mentor can change a team, they can also change a life.”

- Valerie Mulcahy (Former Cork Ladies Gaelic Footballer)

**Has your Club a proper website, if not why not?
Does it need to be freshened up?**

 **PLANETWEB**
Trust, Quality & Commitment
